**BEFORE FILLING OUT THIS COMPLAINT, PLEASE REFER TO "INSTRUCTIONS FOR
FILING." FOLLOW THESE INSTRUCTIONS CAREFULLY.**

I. Plaintiff(s):

- A. Name: Archie Brown
- B. List all aliases: _____
- C. Prisoner identification number: N-21714
- D. Place of present confinement: Western IL Correction Center
- E. Address: 2500 Rte. 99 South

(If there is more than one plaintiff, then each plaintiff must list his or her name, aliases, I.D. number, place of confinement, and current address according to the above format on a separate sheet of paper.)

II. Defendant(s):

(In A below, place the full name of the first defendant in the first blank, his or her official position in the second blank, and his or her place of employment in the third blank. Space for two additional defendants is provided in B and C.)

- A. Defendant: Thomas J. Dart
Title: Sheriff of Cook County
Place of Employment: Cook County Jail
- B. Defendant: Clifford Oliver
Title: Unknown
Place of Employment: Germak Health Services
- C. Defendant: Corr. Officer Rambo
Title: Correctional Officer of Cook County Jail
Place of Employment: Cook County Jail

(If you have more than three defendants, then all additional defendants must be listed according to the above format on a separate sheet of paper.)

I. Plaintiff(s):

- A. Name: Archie Brown
- B. List all aliases: None
- C. Prisoner identification number: N-21714
- D. Place of present confinement: W.I.C.C.
- E. Address: 2500 Rte. 99 South

(If there is more than one plaintiff, then each plaintiff must list his or her name, aliases, I.D. number, place of confinement, and current address according to the above format on a separate sheet of paper.)

II. Defendant(s):

(In A below, place the full name of the first defendant in the first blank, his or her official position in the second blank, and his or her place of employment in the third blank. Space for two additional defendants is provided in B and C.)

- A. Defendant: Sgt. Harris, 890
Title: Sergeant of Corrections
Place of Employment: Cook County Jail
- B. Defendant: Lt. Hurd, 043
Title: Lieutenant
Place of Employment: Cook County Jail
- C. Defendant: Joanne Tunney, MHSS
Title: Mental Health Service Agent
Place of Employment: Cermak Health Services

(If you have more than three defendants, then all additional defendants must be listed according to the above format on a separate sheet of paper.)

I. Plaintiff(s):

- A. Name: Archie Brown
- B. List all aliases:
- C. Prisoner identification number: N-21714
- D. Place of present confinement: W.I.C.C.
- E. Address: 2500 Rte. 99 South

(If there is more than one plaintiff, then each plaintiff must list his or her name, aliases, I.D. number, place of confinement, and current address according to the above format on a separate sheet of paper.)

II. Defendant(s):

(In A below, place the full name of the first defendant in the first blank, his or her official position in the second blank, and his or her place of employment in the third blank. Space for two additional defendants is provided in B and C.)

- A. Defendant: Cermak Health Services
Title: Hospital
Place of Employment: Cook County Jail
- B. Defendant: Ms. Stein
Title: Mental Health Services
Place of Employment: Cermak Health Services
- C. Defendant: Danielle Thomas
Title: Mental Health Services
Place of Employment: Cermak Health Services.

(If you have more than three defendants, then all additional defendants must be listed according to the above format on a separate sheet of paper.)

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown v. Mr. Sajjad, # Case No. 12 C 0049
- B. Approximate date of filing lawsuit: Jan. 4, 2012
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: Just me Archie Brown
- D. List all defendants: Doctor Sajjad and Rose land Community Hospital
- E. Court in which the lawsuit was filed (if federal court, name the district; if state court, name the county): Federal Court Northern District
- F. Name of judge to whom case was assigned: Robert M. Dow, Jr.
- G. Basic claim made: Medical Negligence and Deliberate indifference
- H. Disposition of this case (for example: Was the case dismissed? Was it appealed? Is it still pending?): Pending
- I. Approximate date of disposition: N/A

IF YOU HAVE FILED MORE THAN ONE LAWSUIT, THEN YOU MUST DESCRIBE THE ADDITIONAL LAWSUITS ON ANOTHER PIECE OF PAPER, USING THIS SAME FORMAT. REGARDLESS OF HOW MANY CASES YOU HAVE PREVIOUSLY FILED, YOU WILL NOT BE EXCUSED FROM FILLING OUT THIS SECTION COMPLETELY, AND FAILURE TO DO SO MAY RESULT IN DISMISSAL OF YOUR CASE. CO-PLAINTIFFS MUST ALSO LIST ALL CASES THEY HAVE FILED.

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown v. C. Salazar #12579 / #10C3609
- B. Approximate date of filing lawsuit: June 2010
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: N/A
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Deliberate Indifference To Mental Health Needs
- H. Disposition of the case: ■ Pending
- I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown v. A. Cabral #4855 / N/A
- B. Approximate date of filing lawsuit: September 2010
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: N/A
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Deliberate Indifference To Mental Health Needs
- H. Disposition of the case: Pending
- I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown v. C.K. Davy #1489/10C3609
- B. Approximate date of filing lawsuit: June 2010
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: N/A
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court.
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Deliberate Indifference To Mental Health Needs
- H. Disposition of the case: Pending
- I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown v. Chicago Police / Docket number unknown
- B. Approximate date of filing lawsuit: 2007 or 2008
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: Chicago Police Officer's Unknown At This Time
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court.
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Excessive Force
- H. Disposition of the case: Settled Out Of Court
- I. Approximate date of disposition: Sometime in 2009

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown V. L.J. Herhold #20993 / #10C3609
- B. Approximate date of filing lawsuit: June 2010
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: N/A
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court.
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Deliberate Indifference To Mental Health Needs
- H. Disposition of the case: Pending
- I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: Archie Brown V. Casey #20935 / #10C3609
- B. Approximate date of filing lawsuit: June 2010
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A
- D. List all defendants: N/A
- E. Court in which the lawsuit was filed, (if federal court, name the district; if state court, name the county): United States Northern District Court.
- F. Name of judge to whom case was assigned: N/A
- G. Basic claim made: Deliberate Indifference To Mental Health Needs
- H. Disposition of the case: Pending
- I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

A. Name of case and docket name: Archie L. Brown v. Thomas J. Dart, et al., 103610

B. Approximate date of filing lawsuit: July 2, 2010

C. List all plaintiffs (if you had co-plaintiffs), including any aliases: N/A

D. List all defendants: Thomas J. Dart, et al.

E. Court in which the lawsuit was filed (if federal court, name the district if state court, name the county): United States Northern District Court

F. Name of judge to whom case was assigned: George W. Lindberg

G. Basic claim made: Deliberate indifference to mental health needs

H. Disposition of the case (for example: Was the case dismissed? Was it appealed? Is it still pending?): The case is still pending.

I. Approximate date of disposition: N/A

III. List ALL lawsuits you (and your co-plaintiffs, if any) have filed in any state or federal court in the United States:

- A. Name of case and docket number: _____

- B. Approximate date of filing lawsuit: _____
- C. List all plaintiffs (if you had co-plaintiffs), including any aliases: _____

- D. List all defendants: _____

- E. Court in which the lawsuit was filed (if federal court, name the district; if state court, name the county): _____
- F. Name of judge to whom case was assigned: _____

- G. Basic claim made: _____

- H. Disposition of this case (for example: Was the case dismissed? Was it appealed? Is it still pending?): _____

- I. Approximate date of disposition: _____

IF YOU HAVE FILED MORE THAN ONE LAWSUIT, THEN YOU MUST DESCRIBE THE ADDITIONAL LAWSUITS ON ANOTHER PIECE OF PAPER, USING THIS SAME FORMAT. REGARDLESS OF HOW MANY CASES YOU HAVE PREVIOUSLY FILED, YOU WILL NOT BE EXCUSED FROM FILLING OUT THIS SECTION COMPLETELY, AND FAILURE TO DO SO MAY RESULT IN DISMISSAL OF YOUR CASE. CO-PLAINTIFFS MUST ALSO LIST ALL CASES THEY HAVE FILED.

IV. Statement of Claim:

State here as briefly as possible the facts of your case. Describe how each defendant is involved, including names, dates, and places. **Do not give any legal arguments or cite any cases or statutes.** If you intend to allege a number of related claims, number and set forth each claim in a separate paragraph. (Use as much space as you need. Attach extra sheets if necessary.)

COUNT I

On or about April 8, 2010, I Archie Brown was transported to the Roseland Community Hospital by the Chicago Police (See Attached Exhibit "A"). I was admitted to the emergency room for a self-inflicted cut to the right wrist (See Attached Exhibit "B"), in which was the result of a failed suicide attempt that happen at the 004th. District Chicago Police Department lock-up (See Attached Exhibit "C" 1 of 2). I immediately was placed on suicide watch after I returned to the Chicago Police Department from the Roseland Community Hospital, and hours later I was transported to the Cook County Department of Correction, (Cook County Jail). I immediately was taken thru the intake screening process proceedings, where I spoke to numerous medical and mental health staff members. I first was interviewed by Victoria Furlow, CMT II, in which I told her of my suicide attempt, and that I was hearing voices telling me to do malicious things to other

people, and to kill myself afterwards. Victoria Furlow CMT II notified psych that I am suicidal (See Attached Exhibit D). I eventually was taken to Department of Mental Health Services and given a brief primary psychological screening by Clifford Oliver (See Attached Exhibit "E"). I was seen and given inadequate mental health care by Clifford Oliver at the Cook County Department of Corrections. I conveyed to Mr. Oliver that I was prescribe to take psych-medication and my pills ran out and I had not taken my psych-meds in about a month, I also stated to Mr. Oliver that the voices I was hearing in my head were voices cussing at me and yelling at me, telling me to do different and malicious things to other people, and to kill myself afterwards.

Clifford Oliver put me in harms way by depriving me of necessary care, in violation of my Eighth Amendment rights, and Mr. Oliver did not follow proper protocol violating Cook County Corrections Department General Order Classification Policy, General Order No. 13.1 (See Attached Exhibit "F") and Cook County Corrections Department General Order Medical And Health Care Services, Policy, General Order No. 12.4 (See Attached Exhibit "G")

406-417) which resulted in a deviation of standard of care by Clifford Oliver, Cermak Health Services Agent.

COUNT II

Clifford Oliver acted with malice in several respects when he failed to investigate the causation of the self-inflicted injury to my wrist. Mr. Oliver negligently failed to detect, diagnose the mental illness, and after a complete revelation to Mr. Oliver of my recent depression and state of mind, the voices in my head and the suicide attempt at the police lock-up; his only prognosis consisted of me being fit for General Population (See Attached Exhibit "E"). Mr. Oliver diminution of protection of human life and health, and the breach of his independent duty to adequately treat my serious mental condition and refer admission to a treatment modality of the Department of Psychiatry of Cermak Health Services for further treatment falls way below the standard of decency. The dangerous propensities of my recent suicide attempt at the C. P. D. lock-up, should have compelled Mr. Oliver (medical title unknown) to use better medical judgment in view of a potential, and successive suicide fatality, by referring me to have "Suicide Precautions." As a direct and proximate cause of Clifford Oliver's negligence in failing to detect, diagnose my serious mental health needs, a subsequent suicide attempt due to another psychological break down happen while I was housed in General Population Cook County Jail.

COUNT III

Clifford Oliver, of the Cermak Health Services of Cook County Department of Mental Health Services was deliberately indifferent to my serious mental health needs and as a result of this failure to treat my serious mental health needs, I injured my neck, back and leg in a subsequent ~~suicide~~ suicide attempt of me hanging myself from a bed-sheet from the top deck of Division-1P, tier C-H, on May 1, 2010 at the Cook County Jail (See Attached Exhibit "H"). I am currently experiencing pain in my back and leg as well as having complication with the range and motion of my neck, that I never received immediate physical medical treatment for my injuries (See Attached Exhibit "I" Unit Log Book lot 2), (See Attached Exhibit "J" Incident Report lot 2) and also see (Exhibit "K" Cermak Health Services Department of Mental Health Services Admission/Evaluation Form)

COUNT IIII

Cermak Health Services was deliberately indifferent to my serious mental health needs. Cermak Health Services was grossly negligently in its supervision of Clifford Oliver failure to take precaution of a foreseeable injury of this class of harm physically, emotionally and psychologically to me the plaintiff, makes the hospital and the medical

and mental health services conduct dangerous. I the plaintiff Archie Brown suffered injuries to my neck, back and knee right side in a subsequent suicide attempt of hanging myself from a railing at the Cook County Jail on May 11, 2010 in which I was denied physical medical treatment of my injuries to the neck, back and right knee. I was deprived treatment for my injuries from Officer Rambo #4401 assigned officer of C-H on the 11^{pm} 7am shift, from the area supervisor: Sgt. Harris #890 and a Lieutenant Hurd #043, all from Division XI (See Attached Exhibit "I" Unit Log Book 1 of 2). The deprivation of care by the Cermak Health Services deviated from an applicable standard of medical care. On 5-11-2010 I attempted suicide by trying to hang myself from the top deck of Div. XI on C-H tier at 4am. (See Attached Exhibit "H" Incident Report 1 of 2). I was taken for a Psych-Evaluation at 4:50am. 5-11-10, and seen by a Joanne Tunney, MHSS (See Exhibit "K" Attached), again I was seen by another mental health staff member and I was given inadequate mental health care that deprived me of necessary care, in violation of my Eighth Amendment rights; Joanne Tunney, MHSS also violated Cook County Corrections Department General Order Mental Health Care Program Policy, General Order No. 12.4 (See Attached

Exhibit "G" ~~(b)(7)(D)~~). The likelihood of injury was not guarded against Cermak Health Services and its employees. Since my harm was a foreseeable consequence of the Cermak Health Service Agents failure to guard against the risk of of a fatal suicide, my injuries fell within the scope of the Cermak Health Services duty of care owed to me thru the United States Constitution Eighth Amendment. I also was given a psych-evaluation a couple more times before the 5-11-2010 attempt suicide incident.

COUNT V

On April 10, 2010 thru 4-13-2010 my relatives continue calling the Cook County Jail to warn the Jail of my suicide ideation, and on 4-13-2010 I was called for a psych-evaluation. I again was seen by a Cermak Health Services Agent Ms. Stein, MHS on 4-13-2010 (See Attached Exhibit "L"). Ms. Stein Admission evaluation form is partially fabricated because I told her everything that happen to me prior of me being admitted in the Cook County Jail, up until then, I even showed her where on my wrist that I cut myself trying to comitt suicide, she just in turn cleared me to return to General Population after I told her of the voices I hear telling me to committ suicide, which makes her in violation of violating my Eighth Amendment right and violating Cook County

Corrections Department General Order Mental Health Care Program Policy, General Order No. 12.4 (See Attached Exhibit "G" 406-417), and on 4-22-2010 I had another psych-evaluation just before I tried to commit suicide by hanging. I was taken for the psych-evaluation at 1:25 pm to see a Cermak Health Services Agent Danielle Thomas, MHS (See Attached Exhibit "M"). Ms. Danielle Thomas, MHS admission evaluation form is also fabricated because I told her to of everything that happen to me prior of me being admitted in the Cook County Jail, up until then. I showed her where I cut my wrist trying to commit suicide, as well as my suicide ideation I was having, I even told the Cook County Corrections Officer about my history of psych-meds that I am prescribe to take and suppose to be taking and I also told this same unknown Officer that I was having suicidal ideation (See Attached Exhibit "N"). The recognized duty of care owed by the Cermak Health Services, was clearly disregarded when all of the Cermak Health Services Agents failed to investigate, detect, diagnose and treat my serious and obvious mental health needs. The neglect that there were any mental health concerns by the Cermak Health Services and there Health Services Agents, was a clear violation of the plaintiff's Eighth Amendment Rights to be free from cruel and unusual punishment, Under the United States Constitution. See Estate

of Cole by Pardue v. Fromn, 74 F.3d 254 (7th Cir. 1996); Gregoire v. Class, 236 F.3d 413 (8th Cir. 2000), and Woodward v. Correctional Medical Services, 368 F.3d 917 (7th Cir. 2004). The Cermak Health Services (Supervisor of all the Mental Health Services Agents) knew about the unconstitutional conduct of all the Mental Health Services Agents that I came in contact with personally in violating my civil rights; in that they all failed to investigate, detect, diagnose and treat my serious and obvious mental health needs. (See T. E. v. Grindle, 599 F.3d 583, 588 (7th Cir. 2010) (quoting Jones v. City of Chicago, 856 F.2d 985, 992 (7th Cir. 1988). Ashcroft v. Iqbal, 129 S.Ct. 1937, 1948 (2009).

COUNT VI

All the Cermak Health Services Agents that I personally came into contact with own individual actions of a failure to treat, detect, and diagnose for a referral, after the patient, "me" conveyance of depression and hearing voices, in addition to the physical evidence of a sliced wrist, amounts to Cermak Health Services Agents that I personally had contact with "turned a blind eye," and clear unconstitutional conduct. The Cermak Health Services Mental Health Services Agents that I dealt with was subjective aware of the known circumstances that the potential for me to commit a future fatal suicide was a medical

dilemma that should have received further treatment. The Cermak Health Services Mental Health Services Agents that review or and interviewed me was deliberately indifferent to the risk and clear implications that I might try to commit suicide again. Advanced suicidal tendencies were clearly evident and established. (See: *Comstock v. McCrary* 273 F.3d 693 (6th Cir. 2001). As a direct and proximate cause of the significant physical, mental, emotional and psychological injury that I incurred, in which punitive damages are recoverable under a § 1983 action where the defendant(s) had a reckless or callous disregard to a federally protected right of the movant. Security knew about my ~~and~~ suicidal ideations from me telling them (See Attached Exhibit N) and also my relatives was calling the Cook County Jail from 4-10-2010 thru 4-13-2010 telling them also of my suicidal ideations in which the transporting Correctional Officer at the Cook County Jail told me that my peoples was calling the Jail telling the Shift Commander and whom ever would listen of my suicidal ideations, I was told this on transport to be evaluated for psych-issues. Cook County Sheriff Thomas Dart oversees the daily activities of the Cook County Jail, and is indirectly responsible for the staff in the Cook County Jail whether it be Security or Medical in which both was knowledgeable of my situation, which makes Sheriff

Thomas J. Dart responsible for the lack of inadequate employee training, incomplete intake screening, inadequate suicide watch, in which the Cook County Jail is well aware of these life-threatening deficiencies (See Attached Exhibit #1). Thomas J. Dart, also has violated my Constitutional Eighth Amendment by allowing his security staff and medical employees to violate the Cook County Corrections Department General Orders that are set in place for Pretrial Detainees, so there United States Constitutional Rights will not be violated. I also filed a detainee grievance with the Cook County Department of Corrections, (See Attached Exhibit P)

WHEREFORE, Plaintiff, Archie Brown, prays for entry of an order and judgment granting the following relief:

A. Issue an order declaring that the defendant(s) ~~HAVE~~ violated plaintiff's Eight Amendment rights guaranteed to him under the Constitution of the United States;

C. Issue an order awarding plaintiff compensatory damages in the amount of \$ 75,000.00, and punitive damages in the amount of \$ 150,000.00.

D. Issue an order awarding to plaintiff his costs and attorney's fees; and

E. Grant such additional or other relief as this Court deems just and proper.

EMERGENCY DEPARTMENT DISCHARGE INFO

Patient's Name

EMERGENCY DEPARTMENT SVS

Time Registered Time Released

The exam and treatment you received in the Emergency Department were for an urgent problem and are not intended as complete care. It is important that you follow up with a doctor, nurse practitioner, or physician's assistant for ongoing care. If your symptoms become worse or you do not improve as expected and you are unable to reach your usual health care provider, you should return to the Emergency Department. We are available 24 hours a day.

You were treated in the Emergency Department by

Dr. Sajja

Your diagnosis is

Superficial Cut. Right

What to do:

- Follow the instructions on the additional sheets you were given.
- Please call us soon as possible to make an appointment to be seen in 2 days for follow-up care. Health care provider for follow-up care: Phone (414) 715-5000
- Take the folder with you when you go to your follow-up visit.
- If you have any problem arranging the follow-up visit, contact the Emergency Department immediately.
- Take all medications as directed.
- Studies done in the Emergency Department:

LAB
Pulse Oximetry
X-RAY

EKG
CULTURE

The emergency physician provided an on-the-spot interpretation of your x-rays and/or EKG. A final interpretation of these tests will be done by a specialist. If a

statement that the emergency care which I received is preventive care of an emergency nature. It is not my intent to be a complete diagnosis or complete medical care. I have been instructed to do so. I will do so. I have received a copy of these instructions.

change in your diagnosis of treatment is to will contact you. It is critical that we have phone number for you.

☐ Pick up your x rays in Radiology before your up appointment.

☐ Culture results take 48 hours. Your results given to the follow up doctor. The Emergency Department will contact you if the results change in your treatment.

☐ Additional information or instructions

COOK COUNTY CORRECTIONS DEPARTMENT GENERAL ORDER		DISTRIBUTION A	EFFECTIVE DATE 10/02/87	GENERAL ORDER NO. 13-1
CHAPTER	CLASSIFICATION	AMENDS		RESCINDS
SUBJECT	PROCEDURE FOR INTAKE PROCESSING OF NEW INMATES AND COURT RETURNS			13.1 4/84

Classification is an ongoing process that occurs at frequent intervals during the inmate's stay in the facility. It is used to identify and separate inmates with distinct behavioral patterns into groups to ensure the safety and security of the individual inmate as well as the smooth operation of the detention center. Written policy prohibits segregation of inmates by race, color, creed or national origin.

II. DEFINITIONS

As used in this document, the following definitions shall apply:

A. Initial Classification

The first step in the classification process where, through the use of risk assessment criteria, initial housing placement is decided.

B. Reclassification

Any classification status change subsequent to an inmate's primary classification. This may occur on a scheduled or an as needed basis.

C. Special Need Inmates

Include emotionally disturbed, mentally retarded, mentally ill, aged and physically handicapped inmates. Special needs inmates are also those who present a high risk to themselves or to others and who require protective custody.

III. PROCEDURES

- A. The transportation officers bring the inmates through the dock area of the receiving room. These inmates are placed in one of the available receiving room bullpens. While the transportation officer is taking off the handcuffs, a receiving room officer starts to call the inmates out of the bullpen, starting with court returns.

The receiving room officer calls the name of the inmate, and when the officer gets a response from the inmate, the officer will compare the inmate's photo ID in the inmate's Commitment/Mittimus Paper, to the inmate.

Once all the court return inmates are accounted for on each transportation run, the inmates are given their court return

passes, strip searched and taken to the holding area of the receiving room. Upon arriving the inmates are put in an available bullpen until they are picked up by an officer from their division.

- B. The inmates left in the bullpen after the court returns are removed, are considered new inmates, meaning they did not stay in the Department of Corrections the previous night, and must be assigned a Cook County Department of Corrections identification number and be processed. The receiving room officer calls the inmate's name individually, will check an identifying number written on the inmate's hand with a number written on the Commitment/Mittimus Paper. (The identifying numbers are placed on the inmate's hand and Mittimus Paper in the court rooms by court room personnel). When the receiving room officer matches these two numbers and is sure that he has the correct inmate, the inmate is removed from the bullpen, assigned a Cook County Department of Corrections identification number, and sent to the Bureau of Identification for a photograph. After the photograph is taken the inmate is placed back in the bullpen to await processing.
- C. The inmate's Commitment/Mittimus Paper is taken to the booking office, and the inmate is booked. This means that the inmate's case number bond amount, next court date, or length of sentence(s) charge(s), and the committing judge are recorded on the history card. Forms for the State's Attorney, paramedics and psychiatric team are also partially filled out at this time. All of these forms are then put together in a packet.
- D. The inmate's packet is taken to the fingerprint table and given to the officer assigned to fingerprint. The fingerprint officer calls the inmate out of the bullpen and checks the identifying number on the inmate's hand against the number on the Commitment/Mittimus Paper. Once the officer is sure that he has the correct inmate, he has the inmate sign the history card, ID card, and he fingerprints the inmate's right index finger on the history card, Commitment/Mittimus Paper, and the comparator system ID card. The Commitment/Mittimus Paper is forwarded to the officer responsible for entering the Commitment/Mittimus Paper information into the computer. The remainder of the packet is sent to the property cage along with the inmate.
- E. At the property cage, the inmate turns in all his personal property and money to the property officer. The property is inventoried and put in a property envelope with a copy of the receipt listing all the inmate's property and money. Both the inmate and the property officer sign this receipt. When this step is completed, the inmate and his packet are sent to the interview line.
- F. On the interview line, the inmate has a short personal history taken by a receiving room officer. The history includes home address, date of birth, emergency contact, previous arrests and incarcerations, etc. (See attached history card). The inmate

is also asked if he is a homosexual. All the information given by the inmate is recorded on the history card by the interviewing officer. The history card is then given to an officer from the computer room who puts the history information into the computer. The interviewing officer has the inmate complete the State's Attorney form which pertains to whether the inmate has any other pending court cases that he might miss while incarcerated.

- G. The interviewing officer sends all the completed forms and the inmate to a psychiatric officer from the RTU program, and the psychiatric officer gives the inmate the primary psychological screening. This interview is intended to screen out the inmates who might not be able to function in the general population. The psychiatric officer refers the inmate to a non-security member of the psychiatric team who gives the inmate a more thorough psychiatric evaluation. If after the secondary interview, the team feels the inmate has a definite problem, the team will write a referral and have the inmate assigned to the RTU building for treatment. Should the inmate in either the primary or secondary evaluation be found capable of functioning in the general population, the inmate along with his packet is sent to the tiering officer.
- H. The tiering officer assigns the inmate to a division for housing, taking into consideration the bond, charge, number of previous arrests, and the size and temperament of the inmate. When an inmate is assigned to a Division, the tiering Officer places a wristband on the inmate. The wristband contains the inmate's name, Cook County Department of Corrections identification number, bond amount, age and Division assigned. The receiving room does not assign inmates to particular wings, tiers, or dorms; only to a Division. The only exception to this, is inmates who are known or admitted homosexuals and female impersonators. These inmates are assigned to Division 8 directly from the receiving room. The inmate's housing assignment is then put into the computer by the tiering Officer, and the inmate is sent to see the paramedics for a physical examination.
- I. During the medical examination, if the inmate has a medical problem the paramedics cannot handle, the paramedics would refer the inmate to a physician's assistant for further medical treatment. If the Physician's Assistant feels that the inmate's medical condition will prohibit the inmate from being in the general population, the Assistant refers the inmate to be housed in Dorm #3 Annex, Cermak Hospital, or Cook County Hospital. This housing assignment would supercede the tiering Officer's assignment and the inmate would be given a new wrist band and his/her housing assignment changed in the computer.
- J. After the medical examination, the inmate is strip-searched to check for contraband, and upon completion of the search is allowed to make three phone calls.
- K. Inmates are placed directly into the bullpens because they do

not change into a DOC uniform until they arrive at the correct division.

→ During the moving of the court returns and the processing of new inmates, all of the inmates are kept together in the bullpens, and during the intake process until space permits them to be moved. The only exceptions to this procedure would be inmates that require special handling. This would include inmates who are:

1. Security or escape risk
2. Aggressive
3. Serious mental disorders
4. Suicide risk
5. Need protective custody
6. Uncooperative
7. Medical problems

These inmates should be isolated as much as space permits, and would be processed on an individual basis as receiving room officers became available to do so. The inmates without identifying numbers on their hand would be isolated only until a complete set of fingerprints could be taken and sent through the Telefax machine to the Illinois Bureau of Identification to verify the inmate's identify. Once a positive identification is made, the inmate can be removed from isolation unless there is another reason for needing special handling.

- L. Inmates who have their bond posted while going through the intake process are moved ahead of the other inmates in order to speed up their release from the Department of Corrections. In some instances, the psychiatric interview and the medical examination are eliminated.

7. CLASSIFICATION PROCEDURE

Division I: Capacity 776

Increased Maximum Security Inmates

Escapees and all sentenced inmates and convicted felons regardless of age; disciplinary inmates, only when conduct report accompanies an inmate. The conduct report will be signed either by a Sergeant, Lieutenant, Captain or Superintendent. A conduct report not signed by either of the above will be rejected. Only serious disciplinary inmates will be housed in this division, all minor disciplinary inmates will be housed within their division. All administrative transfers must be approved by the Shift Commanders and/or the Divisional Superintendents. Reason for the administrative transfer must have proper paperwork accompany the

COOK COUNTY CORRECTIONS DEPARTMENT GENERAL ORDER		DISTRIBUTION A	EFFECTIVE DATE 04/01/84	GENERAL ORDER NO. 128
CHAPTER MEDICAL AND HEALTH CARE SERVICES		AMENDS		RESCINDS
SUBJECT MENTAL HEALTH CARE PROGRAM				

I. POLICY

The Department of Psychiatry operates on the basis of the theory that (abnormal) behavior results from various internal and external systems depending upon the individual. Often the psyche is effected in a conflictual manner, thus producing pain and suffering to the total system. The total system encompasses the individual, his family, friends, community, as well as all that the person interacts with. It is the purpose of this Department to alleviate this pain and suffering through intervention with the use of various internal and external systems, thereby, re-establishing the individual's pre-morbid personality. Whenever feasible and possible an attempt will be made to produce changes in the individual's acquired behavior thus causing positive psychological growth and societal impact.

Normally security is the priority consideration in any issue, except where there are therapeutic considerations. In such situations where the therapeutic decision would be the primary consideration, every effort will be made to make a joint decision. (See Harrington v. DeVito et. al).

If such resolution is not forthcoming, the matter shall be directed to the next person in the chain of command. Specifically, the Line Officer and direct client therapist, when in conflict with regard to a treatment issue would each report to his or her respective superior. A staff meeting will be convened with both superiors addressing the issues brought to them by their respective subordinates. If a satisfactory resolution regarding the conflict is not achieved at that level of command, the Chief of Security, Coordinator of Clinical Program) would then be involved in the decision making process. Should resolution of the conflict not be achieved at that level, the Director of Security for the Cook County Department of Corrections would meet with the chairman of the Department of Psychiatry to address and resolve the issue.

All inmates are provided access to a comprehensive mental health program within the compound of the Cook County Department of Corrections. The mental health program is designed to examine, diagnose and provide access to treatment for all inmate patients who have significant medical illness.

A. Screening Services

Psychiatric screenings are provided by qualified mental health professionals who have been trained and are supervised by licensed individuals in their respective disciplines.

B. Mental Health Transfers

The Department of Psychiatry of Cermak Health Services has an affiliation and funding agreement with the Illinois Department of Mental Health. Any inmate whose condition is beyond the range of services available within the programs provided by the Department of Psychiatry of Cermak Health Services will be transferred to a Department of Mental Health treatment facility based upon the interview and disposition provided by Illinois Department of Mental Health and Developmental Disabilities personnel. The screening and referral shall be provided in compliance with Illinois statutes regarding treatment of mentally disturbed individuals as reflected in current Illinois statutes.

C. Program Changes

Except for emergencies, all program changes regarding inmates identified as recipients of psychiatric services (mentally ill and retarded) shall be made only after consultation between the respective supervisors of security and psychiatric services.

DEFINITIONS

As used in this document, the following definitions shall apply:

Admission Criteria

A set of guidelines utilized to determine the propriety of treatment at the Cook County Department of Corrections. Admission to a treatment modality of the Department of Psychiatry of Cermak Health Services or by a professional staff of the Department of Psychiatry. The admission is based upon the the clinical evidence warranting psychiatric treatment, and the availability of the appropriate treatment modality. It is for this purpose that admission is made only by the appropriate professional staff. The staff will follow the admission policy and procedure statements detailed in policy 3.301, 3.401, 5.501 and 3.601 as stipulated in the Policy and Procedure Manual of the Department of Psychiatry.

B. Acute Care Unit

The Acute Care Unit (ACU) is the psychiatric treatment unit in Division III (Women's Division). The unit is designed to provide psychiatric services to female patients of the Department of Psychiatry who are in need of residential treatment isolated from the normal jail population. Patients housed on the unit are provided by the Department of Mental Health at a State funded facility for in-patient treatment.

C. Ambulatory Care

The Ambulatory Care division of the Department of Psychiatry is the unit of the Department of Psychiatry that provides follow-up and consultation services to psychiatric patients housed in the general population of the Cook County Department of Corrections. Services are provided by the Department of Psychiatry Mental Health Professionals and other medical staff with the goal of

maintaining the patient in the general population and facilitating maximizing his/her adaptive behavior while in the most appropriate environment. The Ambulatory Care Unit provides services similar to the treatment provided by a community mental health center. The Ambulatory Care Unit also provides staffing for the Diagnostic Unit of the Department of Psychiatry.

D. Acute Psychiatric Intensive Care Unit

The Acute Psychiatric Intensive Care Unit (APICU) is a ward at the North end of the 3rd floor of Cermak Hospital Building. It is a comprehensive psychiatric in-patient unit comparable to an Illinois Department of Mental Health and Developmental Disabilities Psychiatric Intensive Care Unit. Treatment focuses upon quick remediation of the patient's symptomatology and psychopathology, with remission of symptoms being one of the criteria for discharge from the unit. Admission to APICU is made by professional staff of the Department of Psychiatry and a physician's order.

E. Discharge Criteria

Discharge criteria from various components of psychiatric treatment are determined by the Department of Psychiatry. The criteria are applied on an individual case basis, depending upon the specifics of the patient's presenting problems. The clinical team at each of the treating sites makes recommendations for discharge to the physician responsible for the treatment modality. Based upon the team's recommendations and the psychiatrist's clinical assessment of the patient's condition, a discharge to an appropriate modality of treatment is made.

F. Isolation

Isolation is a psychological/psychiatric intervention involving the removal of the patient from disturbing stimuli or other milieu into a more controlled environment. As contained here, isolation is the process of removing the patient from the milieu into an identified area of seclusion with the intent of allowing the patient to adjust to the anxiety he or she is experiencing and be able to re-adapt to the milieu.

G. Parenteral Administration

Not intestinal; administered other than through the digestive tract, i.e., intravenously, intramuscular.

H. Psychiatrically Trained Officer

The psychiatrically trained officers (Psych Officers) are individuals who have completed a 10 week specialized training course from the Department of Psychiatry of Cermak Health Services or its designee, and who are assigned to psychiatric service areas.

I. Residential Treatment Unit

The Residential Treatment Unit (RTU) is a psychiatric residential program. The patient population is typical of patients hospitalized at state facilities in chronic need of mental health care.

J. Restraints

A medical procedure used when clinically indicated to prevent a patient from harming themselves. The use of restraints for therapeutic purposes are implemented only upon recommendation and medical order initiated by the appropriate staff. Restraints are used exclusively to provide treatment to a patient who is an imminent threat to themselves or others as a function of psychiatric patients to insure the propriety of the order and the monitoring of the medical condition of the patient while he or she is restrained.

K. Substance Abuse Program

The Substance Abuse Program is a poly-substance abuse treatment program housed within the RTU building. The program is operated by Gateway House Foundation Inc. and Treatment Alternatives to Street Crimes (TASC). The purpose of the Substance Abuse Program (SAP) is to provide a highly structured introduction to chemical abuse rehabilitation to those individuals who are referred and accepted into the program. The program linked individuals who have been discharged from the Cook County Department of Corrections to facilities outside the Cook County Department of Corrections complex when indicated. The program is a peer group program using a multifaceted approach to treatment. Acceptance into the program is based upon staff determination or court order. Individuals with a bond exceeding \$25,000 dollars are excluded from the program unless they are remanded to the program by a court order.

L. Suicide Precautions

Suicide precautions are medical procedures initiated as a consequence of a physician or clinical staff decision to observe the patient for the potential to be harmful to himself or herself or others. Suicide precautions are utilized in the following areas: ACU, APICU, RTU. Depending upon the nature of the patient's psychiatric condition, various means of precautions are utilized as determined appropriate by the clinical staff.

PROCEDURES

A. Mental Health Services

The following services are available to inmates coming into the Cook County Department of Corrections.

1. New admission screenings for all new detainees by psychiatrically trained officers and clinical staff of the Department of Psychiatry. Referral is made by the psych officer to the

Case Name	CRIPA Investigation, Cook County Jail	Jail Conditions
Docket / Court	NA (N.D. Ill.)	JC-IL-0040
State/Territory	Illinois	Save Case

Case Summary On February 17, 2007, the United States Department of Justice, Civil Rights Division (DOJ), opened an investigation of the Cook County Jail, under the Civil Rights of Institutionalized Persons Act (CRIPA). In July 2007, the DOJ conducted on-site inspections of the jail, interviewing staff and inmates.

On August 3, 2007, the DOJ notified jail officials of potentially life-threatening deficiencies at the jail, including grossly unsanitary conditions and inadequate emergency key precautions, which the jail immediately began to improve. As they continued to investigate, the DOJ found a series of serious problems with the jail. For example, in one case, an inmate left untreated for a gunshot wound developed sepsis and died. Another inmate's medical problems went untreated, causing him to eventually need an amputation. Just one dentist serves 9,800 inmates, and he only deals in extractions. Indeed, the investigators found that twenty-five percent of the dental procedures result in infection.

On July 11, 2008, the DOJ issued a 98-page letter detailing its finding that the jail was operating to deprive prisoners of their constitutional rights in many respects. Specifically, the letter mentioned inadequacies in the following areas: intake procedures, use of force by staff, management procedures, grievance procedures, placement of video equipment, inmate supervision, assaults on inmates and staff, contraband, vandalism, lighting and visibility of the inmate areas, disciplinary procedures, fire safety procedures, plumbing, ventilation, pest control, food service, and classification procedures. They also found problems with medical and mental health care for inmates, including insufficiencies in the areas of medical staffing, medical intake screening, acute medical care, emergency medical care, administration of medication, infectious disease control, medical record keeping, sick call, poor facilities, dental care, and suicide prevention.

As of the date of this summary, we have no information regarding the actions taken by the jail in response to this findings letter, but we will update this case file as the proceedings unfold.

Exhibit P

Part-A / Control #: 2004 X 1322Referred To: C. L. Smith☐ Processed as a request.

COOK COUNTY DEPARTMENT OF CORRECTIONS DETAINEE GRIEVANCE

Detainee Last Name: Brown First Name: Archie

ID #: 2010-0517058 Div.: 10 Living Unit: 1-C Date: 05/23/10

BRIEF SUMMARY OF THE COMPLAINT: I came to the county jail on 04-10-10. I went through orientation and I reported to the psych doctor that I take medication my ID# at the time was 20100410060. I told the psych doctor that I took psych medication and that I needed my medication because I was hearing voices and seeing stuff, but the doctor who saw me did not give me my medicine, even after I told him that I just tried to commit suicide at the police station by cutting my wrist, the psych doctor still didn't acknowledge my mental issues. In light of the doctor not acknowledging my well documented illness through the Illinois Department of Correction, I tried to commit suicide a second time by trying to hang myself in Div. 11 on 05-11-2010, ID# 20100410060. The #0 of the deck C.H. Div. 11 and the Lt. that was working for that were named and I also was taken to a psych evaluation to Cerroak, so see that doctor's

NAME OF STAFF OR DETAINEE(S) HAVING INFORMATION REGARDING THIS COMPLAINT:

ACTION THAT YOU ARE REQUESTING:

I request that the psych doctor who examine me to be fired or at least a reprimand put on his record.

DETAINEE SIGNATURE: Archie Brown

C.R.W.'S SIGNATURE: A. J. Smith

DATE C.R.W. RECEIVED: 5/24/10

Please note: Decisions of the "Detainee Disciplinary Hearing Board" cannot be grieved or appealed through the use of a grievance form. All appeals must be made in writing and directly submitted to the Superintendent.
